### **About the June 12 & 13, 2008 Conference**

This conference is designed to link communities with health professionals through presentations about solutions from which the professionals can learn and incorporate into their practice-related activities. The general public is invited to attend the quality instructional sessions and network with professionals exchanging information. Topic areas to include: Community, Healthcare, School Based, and Worksite.

### **APPROVAL BY PROFESSIONAL ASSOCIATIONS**

This conference is designed to meet various requirements for professional development contact hours. Please visit the website for updates concerning professional approvals. <http://obesity.ua.edu>

### **FOR MORE INFORMATION**
